4.	Live Baccarat	Live Baccarat	In Live Baccarat , a dealer will initially deal two face-up cards to each Player and Banker. The values of these two hands will be compared, after which a third card may be dealt to the Player, the Banker or both. If either the Player or the Banker has a natural 8 or 9, neither receives a third card. If the cards in a hand add up to 10 or more, 10 is subtracted from the hand to give its final Baccarat point value. This means that 9 is the highest achievable value in Baccarat, and the hand closest to 9 wins.	\$ 5.00	\$ 1000.00
5.	Live Dragon Tiger	Live Table Card	In Live Dragon Tiger , two cards are drawn, one for "Dragon" and one for "Tiger". The player bets which one will win with higher card value.	\$ 5.00	\$ 500.00
6.	Live SicBo	Live Dice	The objective of Live SicBo is to predict how the three dice will land. The dealer throws three dice and the players bet on the results of the throw.	\$ 1.00	\$ 1000.00
7.	Live Single Poker	Live Poker	In Live Single Poker , cards are dealt by the dealer for players. Players play against the house and not against other players. The player and dealer make their best hand from their two hole cards and five community cards using standard hand rankings.	\$ 5.00	\$ 1000.00
8.	Live Caribbean Poker	Live Poker	Live Caribbean Poker is played against the house. After the player makes an Ante bet, the player and the dealer get five cards each. All	\$ 5.00	\$ 1000.00

			cards are dealt face down, except one dealer card which is exposed. The player may examine his own cards. After that, the player must Raise or Fold. If the player folds he forfeits his cards and Ante bet. By raising the player will place a table Bet which is twice the Ante bet.
